THE UNLOCKED PATH

What they're saying...

“Our group typically has wonderful book discussions and this one topped them all. The discussion was so rich having your perspective to guide us. And the questions you posed at the end of the book were very thought provoking.”

P. Martin, Mashpee MA

“Thank you again for coming to our HYC book club and sharing your writing journey and the background and inspiration for The Unlocked Path. We thoroughly enjoyed the discussion and will await your sequel with anticipation.”

N. Dube, Hyannis MA

“I am getting so many compliments from the club members about how awesome it was to have you there. One member doesn't usually read the book but just comes to the meetings. She said she was motivated to read it because you were going to be there. And raved about how much she enjoyed it and enjoyed reading.

That made me feel so good.”

P. Herm, Colledgeville PA

“Basket Walk neighborhood book club, Read Between the Wines, had author, Janis Robinson Daly as a guest at our meeting last week. Her book, The Unlocked Path was so well received at our club that I'd like to share it with you. She was a delightful guest and provided much insight into her research, some of which was her own family history.”

A. Richard, Bluffton SC

“What an enjoyable discussion about The Unlocked Path. Learning about you as a woman & the writer/now turned successful author.”

P. Nisenholtz, Naperville IL
