She takes the time to research interesting books.”

*Kimberly Salter, Dr. Kimberly Salter, Past President, CA NOW*

“The Women in History presentation was insightful and had a new spin on covering women of importance every day of the month. It was one of the best, if not the best, coverage of our contribution to the many facets of society dating back to the early 1800s. The presentation was excellent, with intriguing stories of triumph and success.”

*Cheryl Small, Library Administrator  
Fulton County Library System, Central Library, Atlanta, GA*
